RELIEF COMMITTEE

For Flood Sufferers Returns Handsome Sum

The Committee for the relief of flood sufferers having fulfilled its mission and discharged the duty for which it was created, held a meeting yesterday for the purpose of closing up its business affairs.

There was at the disposal of the Committee the sum of \$965,—which was generously contributed by the public at large—and of that amount a little over one-fourth was used in relieving the distress of those who were sufferers in consequence of the flood.

While no deserving applicant was turned away empty handed, good judgment in discriminating between worthy and unworthy appeals for aid saved the fund from being diverted from that which it was intended—aiding actual flood sufferers.

The balance of the \$965 remaining in the hands of the Treasurer of the Committee will be prorated and returned to the subscribers to the fund.

The Committee is deserving of great credit for the manner in which they discharged their duty.

PLUGTOWN

School Trouble in Court Again—Investigation in Progress

Superintendent of Common Schools, Charles D. Wells was busy yesterday presiding at the trial of the complaint of patrons of Plughtown School charging the Trustees, Frank McHugh, W. J. Neal and Charles E. Wise, "with wilful neglect of duty" in not certifying to the County Superintendent that less than 25% of the school children are attending that school.

The proof discloses that this school opened last fall with two teachers, John Huff of Ohio and Miss Murphy of this county, claiming a contract with the Trustees. Mr. Huff was put in control of the school by one side of the controversy and Miss Murphy sought relief in the Circuit Court, and in December, 1906, she was awarded the school.

On January, 1907, she began to teach in the public school building and John Huff, who was deposed by the Court, began teaching private school two hundred yards distant from the public school.

As a natural result the people took sides in the matter and very soon they were arrayed for and against one school or the other.

There are about sixty-three pupils in that district and Miss Murphy enrolled less than one-fourth of them. Mr. Huff enrolled a few more pupils than she had.

The proof shows that all of the parties lodging the complaint are patrons of the private school and the point is made that patrons of a private school should not be heard to complain of the conduct of a public school.

It will also be contended and proven that this is not the only public school in Mason county where the teacher has enrolled less than 25% of the school census and no notice is ever taken of the matter, and these Plughtown Trustees should not be made an exception to the rule in other districts.

It was proven yesterday, that in January, 1906, with no pay school in the district, the teacher in Plughtown had less pupils attending this school than Miss Murphy had in January, 1907.

The trial brings out one very important fact and that is, the necessity of a truant law in the country schools to compel the attendance of children. It also demonstrates that the working machinery of the public schools does not always accomplish the results hoped for by the law.

Mr. Wells's ruling will be watched with interest, as it may set a precedent of the utmost importance to all School Trustees.

The trial in the Courthouse is attracting large attendance and attention. Forty-five witnesses have been subpoenaed.

COURT'S DECISION

Opinion of Judge Barker in Suit From Mason County

In affirming the suit of the Henry Voght Machine Company v. Lingenfelter, taken to the Court of Appeals from this county, Judge Barker handed down the following opinion—

Liens—Insurance—While appellant had a lien upon the ice plant in controversy, the latter was the property of appellee, who had a right to insure his interest for his own benefit, and in the absence of an agreement to that effect this insurance did not redound to the benefit of the lien holder.

Messrs. Worthington & Cochran were the Attorneys for appellant, and A. B. & A. D. Cole for appellee.

WE ADVISE OUR FRIENDS!

That if they want to take advantage of our clearing out and cleaning up of winter goods not to wait too long. You know the best are always the first to sell, and at the prices we are selling the best you secure Suits and Overcoats cheaper than we can buy them for now. Had we not bought an unreasonably large stock of winter clothing, which really accounts for the prices we are offering them, as we need both money and room, there would be none left at all now. But you know the dancer has to pay the fiddler. So it is that the penalty of a merchant who sometimes buys too many goods must sacrifice profit and often incur losses to clean up. If you will come in and investigate you will find our statements but too true.

The stale charge that protection is responsible for the fact that goods manufactured in this country are sometimes sold in other countries cheaper than at home is rarely heard nowadays. LONG HOURS IN THE SAHARA.

Caravaneers Have Little Rest, According to Sailor.

"They oughter start labor unions in the Sahara desert," said the sailor. "You work 21 hours a day there. That's too long, ain't it?"

"It's the fashionable fad to winter in the Sahara, and last January, my lyin' to in Philadelphia for a cargo of dates, I bought a third class ticket to Biskra, and pushed from there to Touggourt with a camel caravan."

"It was fine. The sun shone, the air was like wine, the sand was as white as salt. We seen mirages—phantom cities, with white domes and minarets, palm gardens, and girls walkin' on the flat roofs of the white houses, lookin' at you with dark, wistful eyes."

"We had a cargo of beer for the French soldiers in Touggourt, Ghardaia, Ouargla, and the neighborin' towns."

"But what I wanted to speak about was the hours of the caravaneers. Them poor fellers worked 21 hours a day. One stop of three hours was all they took, and part of that time had to be spent in feedin' and groomin' the camels."

"Camels can get along, it seems, with three hours' rest a day, but men! Them caravaneers of ours had little donks, the size of a Newfoundland dog, to ride on, and they'd lie on their stomachs across a donk's back, head hangin' down on one side, feet on the other, and in that position they could sleep hour after hour whilst the donks trudged on in the sunshine through the white sand."

HAD THE LAUGH ON LAWYER.

Whole Court Room Joined in Joke on Conceited Advocate.

A distinguished, but conceited advocate not long ago, after securing an unqualified statement from an octogenarian, who was bravely enduring cross-examination, that he "saw the whole thing as if it had occurred ten feet away," suddenly challenged him to tell the time by the clock referred to. The lawyer did not look around himself, as he had done so about half an hour before, when he had noticed that it was half after 11. The old man looked at the clock and replied, after a pause, "Half past 11," upon which the lawyer, knowing that it must be nearly 12, turned to the jury and burst into a derisive laugh, exclaiming sarcastically, "That is all," and threw himself back in his seat with an air of having finally annihilated the entire value of the witness' testimony. The distinguished practitioner, however, found himself laughing alone. Presently one of the jury chuckled, and in a trice the whole court room was in a roar at the lawyer's expense. The clock had stopped—at half-past 11.

Tommy Won.

At a child's party lately one boy created quite a sensation in his efforts to outdo the others. They were playing "Button, button, who's got the button?" and presently, after a very confusing hunt, the mother of the little hostess said:

"No one seems to have the button. Now, who had it at the beginning of the game?"

"I did!" exclaimed a little girl.

"To whom did you give it?" asked the lady.

"Tommy Jones, ma'am."

"Tommy, to whom did you give it?"

Silence.

"Speak up, Tommy."

"I—I—swallowed it!" gasped Tommy.

"Mercy!" said the lady, "how big was it?"

"Well," answered Tommy, "when Maggie gave it to me it was about as big as a pea, but it feels as big as an egg, ma'am, and I'm sorry I won the game!"

Female Doctors in Germany.

Professor von Bergmann—the great German surgeon who attended the Emperor Frederick during his last illness and had such a frightful quarrel with Morell Mackenzie—has been telling the editor of a medical journal that "I am decidedly against women entering the profession." Briefly put, his reason is that "so long as women are unable to heat crocks and trowsers at the vocations which women are apt to regard as their own specialties, so long will they be unable to compete successfully with men doctors. . . . I have too high a regard for women to encourage them to become doctors."

Celestial Fashions.

The appearance of the comet was such that the sensitive Melades were shocked.

"How disordered you look!" they exclaimed. "Do stop and let us fix your hair."

"Don't touch me!" returned the comet breathlessly. "This is the automobile tangle!"

And with a rush of wind and a shower of sparks he was gone leaving the gentle sisters to recover from their astonishment as best they might.—Puck.

What He Wanted to Know.

"There," said the great magnate when his attorney entered, "look over that dispatch."

"Um," observed the lawyer, after reading the story, "looks rather bad. Sixty-seven indictments! Gracious! I don't like that."

"Don't like it? What are you talking about? I didn't send for you to find out whether you liked it or not. What I want you to do is to find out whether I am going to Europe or to stand on my technicalities."

THANKFUL

To my many friends and the public generally who have in the past extended to me such a liberal share of their patronage, which has helped so materially in making my business career in Maysville such a success: I want to assure all that I fully appreciate what they have done for me, and promise that I shall, by renewed efforts, endeavor to retain the confidence of the public by pursuing the same course of fair dealing and polite attention to the future as in the past and selling the very best goods at the most reasonable prices.

My stock is now the largest and most varied it has ever been my pleasure to offer to the public, consisting of every article in the Staple and Fancy Grocery line. These goods are fresh and new and of the very best quality. My last shipment of New Crop Open Kettle Molasses is now in and they are strictly fancy, and in spite of the fact that prices on these goods have materially advanced I am still selling them at the very low price of 50c per gallon. My stock of CANNED GOODS is unusually large and the quality of the very best.

The demand for PERFECTION FLOUR is rapidly growing because it is beyond a doubt the very best flour sold in Maysville or that can be made. It has no superior anywhere.

The run on my fine Blended Coffee has been enormous and is constantly increasing. I am still selling these fine goods at the 20c and 25c per pound, and if you want a strictly fancy high grade Mocha and Java, the finest that can be produced, don't fail to call for the famous "Harrington Hall" steel cut, sold only in one pound airtight tins at 35c per pound. A fresh supply of full catch steamed just in. If you want something extra try one of my fancy Hosiery Meas, heads and tails off.

A big invoice of very fine Premium Chinaware just in, a sample of which may be seen in my warehouse window. These goods I give to my CASH customers in redeeming tickets given out with their cash purchases. Until further notice DOUBLE TICKETS will be given with each cash purchase on SATURDAYS. By taking advantage of this proposition the purchaser will very soon accumulate enough tickets to secure a fine set of china FREE OF COST.

I buy strictly fancy Table Butter, Fresh Eggs and Country Produce generally, for which I pay cash or trade at lowest cash prices. I want every one to come and see me; always welcome. If you don't want to buy it will be a pleasure for me to show you the finest, the cleanest and the best kept store in Northeastern Kentucky. Thanking all again, I am most sincerely,

MAYSVILLE MAN'S INVENTION

Mr. William Alexander Now Located at Pulaski, Tenn

Mr. William Alexander, a native of Mayville, and now a successful inventor and millwright of Pulaski, Tenn., has recently invented and patented a very useful device called a car axle lubricator, which it is claimed is a great economical improvement for oiling journals where tram boxes are used.

Mr. Alexander is a brother-in-law of Miss Eileen Paddock of this city, and, as he is a native of Mayville his friends commend him for his genius and hope to see him reap a golden harvest from his work.

Mr. Alexander offers his patent rights for sale as he has not time to promote the sales himself.

MASON'S WEALTH

Now Reaches Near the Ten Million Mark

Mason county, in point of wealth, is near the top round of the financial ladder. Of the 119 counties comprising the Commonwealth, not over nine counties in the state surpass her in taxable property.

The total assessment for the year 1907 reaches the magnificent sum of \$9,655,179, being a gain over last year of \$175,392. There was an increase made by the Assessors of \$100,000 and the Board of Equalization added \$75,000, the Precincts making the largest gains—Maylick, Washington, Sardis and Howes. The Sixth Ward in the city of Mayville had an increase of \$50,000.

The increase in the county is gratifying and indicates that the farmer is sharing in the general prosperity of the country at large. Mason county land is becoming more valuable every year and the next assessment will show a still further advancement.

Miss Effie Weaver has returned to her home in the county from a delightful visit of several days with her sister, Mrs. Will Campbell, near Mt. Olivet.

INSTITUTE AND FAIR

Three Things to Do in Regard to the Coming Events

Be sure to attend the Farmers' Institute Friday, February 22d, and the Tobacco Fair Saturday, February 23d.

Get your samples of tobacco, corn, wheat and potatoes ready to exhibit.

Bring or send them to the Courthouse Friday afternoon or Saturday morning, February 22d-23d.

Mason county will have some strong competitors for all premiums this year.

Remember that \$50 will be paid for twelve hands of tobacco to some one.

We urge the growers to make exhibits at the Tobacco Fair. The crop is largely in the hands of the farmers, and the samples selected may be the means of bringing a liberal buyer for the crop.

Merchants of Mayville, are you fully awake to the value of the annual Tobacco Fair? What other occasion is there equal to it? Why not get enthusiastic about it? Are you?

Convalescents

NEED VINOL for it hastens recovery by creating strength

Our local druggist, John C. Pecor, says: "There is just one thing the matter with a person who has been sick—that is, weakness."

"To all such people in Mayville we recommend our delicious cod liver oil preparation, Vinol, as the very best strength creator for convalescents we have ever sold in our store."

"Vinol strengthens the digestive organs, creates an appetite, promotes sound sleep, makes rich, red blood, and builds up a depleted system to health and vigor."

"This is because Vinol contains in a highly concentrated form all of the medicinal and strength creating elements of cod liver oil, actually taken from fresh cod's livers, with the useless, nauseating oil eliminated and tonic iron added."

"We return money to those who buy Vinol and receive no benefit." JOHN C. PECOR, Druggist.

NOTE—While we are sole agents for Vinol in Mayville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

A petition signed by 344 voters opens the local option campaign at Paris.

Louisville's Mayor has signed the ordinance appropriating \$50,000 for the State Fair.

There are now nearly 10,000 members of the Improved Order of Redmen in the reservation of Kentucky.

Miss Lydia Payne, wealthy, sister-in-law of Senator J. Campbell Cantrill, died at Georgetown of heart trouble.

Over \$6,000 has been subscribed for a hospital at Mt. Sterling.

Hon. Waller Sharp, President of the Burley Tobacco Society of Bath county, has obtained the money to advance the tobacco growers who have pooled their crop with the Burley Tobacco Society. The pooled tobacco will now soon be received at the warehouse at Sharpsburg and the growers will receive 50% of the total price upon delivery.

OUR PRIDE

IS IN THE
WORK HARNESS

Department of our store. By giving special attention to the most minute details we turn out Harness whose longevity rivals that of the Deacon's wonderful one-horse shay, which, as you all know, was so wonderfully constructed that it did not wear out in any one particular place, but, after being used for one hundred years to the minute, went to pieces all at once. Our workmen, being skilled at their work, know, as did the Deacon, that "Tis mighty plain that the weakest place must stand the strainin', 'n the way t' fix it, uz I maintain, is only jes' to make that place uz strong uz the rest." We can give you the names of some of our customers to whom we sold work harness when we first went into business, and which is still as good as new. Do you not think this is full value received for every cent invested?

Tired Nervous Women Make Unhappy Homes

MRS. NELLIE MAKHAM

MRS. GEO. A. JAMES

A nervous irritable woman, often on the verge of hysterics, is a source of misery to everyone who comes under her influence, and unhappy and miserable herself.

Such women not only drive husbands from home but are wholly unfit to govern children. The ill of women act like a fire brand upon the nerves, consequently seven-tenths of the nervous prostration, nervous despondency, the "blues", sleeplessness, and nervous irritability of women arise from some organic derangement.

Do you experience fits of depression with restlessness alternating with extreme irritability? Do you suffer from pains in the abdominal region, backache, bearing-down pains, nervous dyspepsia, sleeplessness, and almost continually cross and snappy? If so, your nerves are in a shattered condition and you are threatened with nervous prostration. Proof is monumental that nothing in the world is better for nervous troubles of women than Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs. Thousands and thousands of women can testify to this fact.

Mrs. Nellie Makham, of 151 Morgan St., Buffalo, N. Y., writes:—

Dear Mrs. Pinkham:—

"I was a wreck from nervous prostration. Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs and today holds the record for the largest number of actual cures of female diseases of any medicine the world has ever known, and thousands of voluntary testimonials are on file in the laboratory at Lynn, Mass., which testify to its wonderful value.

I suffered so I did not care what became of me, and my family despaired of my recovery. Physicians failed to help me, I was urged to try Lydia E. Pinkham's Vegetable Compound and I want to tell you that it has entirely cured me. I think it is the finest medicine on earth and I am recommending it to all my friends and acquaintances.

Mrs. Geo. A. James, a life long resident of Fredonia, N. Y., writes:

Dear Mrs. Pinkham:—

"I was in a terribly run down condition and had nervous prostration caused by female trouble. In fact I had not been well since my children were born. This condition worked on my nerves and I was irritable and miserable. I had tried many remedies without getting much help but Lydia E. Pinkham's Vegetable Compound brought me back to health and strength. It has also carried me safely through the Change of Life. I cannot too strongly recommend your medicine."

Mrs. Pinkham's Invitation to Women:

Women suffering from any form of female weakness are invited to communicate promptly with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised. Out of her vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Her advice is free and always helpful.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs and today holds the record for the largest number of actual cures of female diseases of any medicine the world has ever known, and thousands of voluntary testimonials are on file in the laboratory at Lynn, Mass., which testify to its wonderful value.

A SUGGESTION

While the earth is snowclad and Jack Frost is King it is a very poor time to make repairs on the outside of buildings, but no better time could be selected for repairing the inside. Carpenters are not busy and can give your work closer attention than during the rush incident to springtime. It is also a good time to get your orders booked for planing-mill work. We have quite a lot of orders on our books, and will have many more as soon as the bright days come. GET IN BEFORE THE RUSH.

The Standard Oil Company suffered a loss of \$10,000 at Louisville by some one tapping a turpentine tank and 15,000 gallons flowed into a nearby creek.

WORKS WONDERS

A Wonderful Compound—Cures Piles, Eczema, Skin Itching, Skin Eruptions, Cuts and Bruises.

Doan's Ointment is the best skin treatment, and the cheapest, because so little is required to cure. It cures piles after years of torture. It cures obstinate cases of eczema. It cures all skin itching. It cures skin eruptions. It heals cuts, bruises, scratches and abrasions without leaving a scar. It cures permanently. Maysville testimony proves it.
 Mrs. Kate Poth, living at the corner of Clark street and Forest avenue, Maysville, Ky., says:
 "I gave a statement about Doan's Ointment which was published in our Maysville papers. I said that I had received most decided benefit from the use of this remedy. For a long time I had an itching or eczema of the scalp. It broke out in spots and sometimes the spots would appear on my forehead and temples. The itching was particularly troublesome just before a rain, and was then so intense that I could not sleep at night. It required only a short use of Doan's Ointment to cure the trouble, and the cure has been lasting for the past five years. There has never been even an indication of a recurrence. A friend also had eczema and tried everything for it but never found anything to remove the annoyance. On my recommendation she used Doan's Ointment and was absolutely cured."
